

# George Washington Indoor Track Games General Sports

## LOCAL SCHOOLS REPRESENTED WELL IN G. W. U. TRACK MEET

### Have Men in Open and Closed Contests and in Relay Races in Games Tonight.

### Western Depends on Maxam.

BY H. C. BYRD.

Local organizations will be well represented in the George Washington University track and field games to be held at the Convention Hall. Not only are the colleges and schools to be in competition with the best men they have, but various club organizations will have men wearing their colors in the relay and open events.

Catholic University will not have a relay team, but has three relay teams in competition against other preparatory and high schools. The Red and White is to run two 1,200-yard races, and its big event will be the dual clash with Eastern High at one mile. Also Western is banking somewhat on scoring the greatest number of points in the scholastic open events, depending on Maxam to do the bulk of the work.

Central High is to try its best in the short relay races, a lot of youngsters being entered to give them experience. The Blue and White also has made many entries in the scholastic contests and some in the open. Technical and Eastern will have men in competition, too, although not many. St. Albans has several youngsters who may accomplish something, and it will be a surprise if one or two of them do not fare well.

Gallaudet, besides entries in one or two of the open contests, is to compete in the relay races. The Columbian Athletic Club, Regent Athletic Club, Carroll Institute and two other minor organizations will have men in competition.

Also, for the first time in two years, George Washington will have men running under its colors. The Hachettes are to be represented in some of the events for the south Atlantic intercollegiate indoor championship, besides putting a two-mile relay four against Washington.

Also, for the first time in two years, George Washington will have men running under its colors. The Hachettes are to be represented in some of the events for the south Atlantic intercollegiate indoor championship, besides putting a two-mile relay four against Washington.

Letting will meet when M. A. C. and St. John's face the mark together.

Three of the colleges in the South Atlantic intercollegiate athletic association are not to be represented in that part of the game devoted to them exclusively. The University of North Carolina, North Carolina A. and M. and St. John's will not have men in the scratch competitions.

Eddie Stebbins, Georgetown's star quarter miler for the last two years, should win the 440 yard race unless his injured leg goes back on him. Stebbins strained the achilles tendon taking a turn at Georgetown in practice and he was practically out of practice for two weeks. He has been coming along in pretty fair shape recently, though, and is ready to go to a good race this evening.

Eastern High won from St. Albans in basketball at the Y. M. C. A. last night, getting the long end of the score by a single point. A field goal scored in the last second of play won the game for Eastern, Baldwin making the successful toss.

**HOBE FERRIS IS CANNED.**

**Veteran Second Baseman Given Unconditional Release.**

Special Dispatch to The Star.

SCRANTON, Pa., February 13.—Hobe Ferris, second baseman of the Boston Americans when that club was winning American League pennants, has been handed his unconditional release by Peter Noonan, manager of the Wilkes-Barre team of the New York State League. Though Hobe hit well for the Barons last summer, he was slow on his feet and could hardly throw a ball at times.

**BASE BALL BRIEFS.**

Tommy Leach says he will play in Pittsburgh or not at all. But you never have heard a ball player say: "I will play in Cleveland or not at all."

Charley Murphy has become a verse writer, but up to date he hasn't written an ode to Frank Chance.

Pat Powers, the new Fed League angel, is said to have \$12,000,000 behind him. That's more than he has in front of him.

Roger Bresnahan has been living the peaceful life all winter. He has been careful not to take on much weight. He has been careful not to take on much weight. He has been careful not to take on much weight.

Rumor associates the name of Frank J. Farrell, former president of the New York Yankees, as one of the proposed buyers of the Boston Americans. The proposed transfer of the Jersey City International League club to the Bronx.

Hugh Jennings says that Lajoie won't fill Eddie Collins' shoes and that the Sox will be disappointed. Lajoie, he says, is a good player, but he is not a pinch-hitter. "Joe" Kelly is "agin" it.

Why all this hum about "Hans" Wagner not signing a contract? He never training in the winter years he has been with Pittsburgh.

Stuffy McInnis is a great admirer of Eddie Collins, but he declares that the gap left by second base is not the gap left by second base is not the gap left by second base.

Just because "Bill" Donovan hit .292 while with Washington in 1898, he is considering the possibilities of developing his own team against him. "Joe" Kelly is "agin" it.

Helme Zimmerman, the Cub outfielder, thinks that when the National League chooses a governor for its president it should pick Cole Bease, the pardoner.

Leslie Nunamaker, catcher, is the first of the Yankees to begin practice. He is at Hot Springs, Ark., where he hopes to get off ten or fifteen pounds before reporting to Savannah, Ga.

When the St. Louis Federals reach Havana the first week in March, Eddie Rynn will have the pleasure of meeting one again Charlie Deal, who scored the only run against them in the second game of the world series.

Should Wilbur Robinson slide his Dodgers into the first division next season he will have lost a chance for a record, but he will have a chance to be in a class alone in this year.

Joe Birmingham, managers of the Naps, declares that Mitchell has more natural ability than any other pitcher who has been developed within the past few years. Mitchell has not always taken the best of care of himself and has been rather unfortunate in meeting with accidents.

Charley Ebbets told an interesting tale of the signing of Jack Coombs. "When ten-day clause is inserted in that contract, you see, if he don't make good he can serve his ten-day notice and then leap to the Feds." According to Ebbets, several Federal League clubs want the former Athletic pitcher.

Evidently Tommy Leach must have been tipped off that Roger Bresnahan sought waivers on his services, for the Dave Dugan of the Cubs has notified Leach that he is not to be released. Leach, who will demand his unconditional release. This is his prerogative if he is not to be released.

Those Feds overlooked presenting the case of Buster Brown in their prayer to Judge Landis, Brown, while a member of the Federal League, went a full season without pitching an inning, yet he received full salary.

One of the novelties of the season is the Federal League holdouts. It was supposed that the Federal League players were perfectly satisfied with their contracts. One balking player, however, was the Indianapolis pitcher, Feds, who insisted on receiving more money than he was holding out in Vin Camperbell.

Joe Villa has printed some figures on the salary lists of the Federal League teams for the coming season. He says the Giants will pay out \$100,000 for the season, and that the bottom of the list with \$55,000. The Villa may, if he will investigate, learn that the President will pay salaries that will average higher than any, five clubs in the league.

Two ball clubs came near losing valuable players last week. Roscoe Fawcett sends an account of the narrow escape of Buddy Ryan, Salt Lake outfielder, and Bill Rodgers, second baseman for the Cleveland Indians, while on a motor boat in Oregon, from going over a falls and being dashed to death, along with several other members of their party. Their motor failed and they were so near death that all hands had said good-bye and were preparing for the worst when by desperate efforts they got the motor going and checked their progress toward certain death.

## Palace Increases Its Great Margin

### Who is doing the fooling and who is being fooled

### Disappointment Expressed in Detroit Over Showing of Ruppert and Huston in Deal for Pipp and High.

Now that the New York club has dropped negotiations for the purchase of Walter Pipp and Hugh High of the Tigers—Bill Donovan, Wednesday, telling the youngsters that he could not accede to their terms—one leading question presents itself. It is: Have Ruppert and Huston got Ban Johnson fooled, or is Johnson handling a bunch of bunk to the American League public? It is signed for here, is not unreasonably signed for here, is not unreasonably signed for here.

This question is based on Mr. Johnson's lavish praises of the two New York owners, whom he has told the people are intensely loyal, and immensely valuable additions to the baseball family. Also, that "Wild Bill" Donovan has before him some soul-searching days.

It is known that Pipp's demands were for a two-year contract and a \$50,000 increase in salary. That, in view of the way other players are being treated, and the spend the money, is not unreasonable. High asked for more money than his Detroit contract gives him. He was forced to turn down both men, and to allow Detroit to retain them. Previously there was an argument over the purchase price, though the Detroit club did not ask in excess of \$6,000 for the pair.

From a Detroit angle, the closing of negotiations is a matter of congratulation. Pipp is a great young ball player. He can field the bag as well as anybody, and is a regular hitter, though somewhat of a "fence" when facing left-handers. Should Burns slump the failure to retain Pipp would be a serious blow to the club. High is not so valuable, but is a good utility man. Donovan was not so anxious to secure the outfielder as he was to get the first baseman.

The deal never progressed beyond an agreement on price for the men. New York itself helped to spill things by failing to go out and clinch the deal. High will go south to fight out with Jacobson and Nicholson for President Navin will entertain no further offers for the men. He was the only owner to offer New York anything worth while, and is in line with the charitable institution staff.

Pipp will go south with the Tigers to make another try for first base. It is possible that Burns, who played second on the exhibition trip last spring, may be worked there again, to see if he can make the place. The batting strength of the club would be greatly enhanced could both of the boys be used. High will go south to fight out with Jacobson and Nicholson for President Navin will entertain no further offers for the men. He was the only owner to offer New York anything worth while, and is in line with the charitable institution staff.

The results of last night's matches follow:

to make another try for first base. It was the first time since the first game on the exhibition try-out, played last week, that the batting order was worked there again, to see if strength of the club would be enhanced could both of these boys be used. The batting order was changed out with Jacobson and Nantz on the outfield substitute role.

For further offers for the men. He was only owner to offer New York any. The batting order is done with the charitable institution staff.

to make another try for first base. It was the first time since the first game on the exhibition try-out, played last week, that the batting order was worked there again, to see if strength of the club would be enhanced could both of these boys be used. The batting order was changed out with Jacobson and Nantz on the outfield substitute role.

For further offers for the men. He was only owner to offer New York any. The batting order is done with the charitable institution staff.
